## Concert Hall

BY CURT ROSEWOOD — 2023-11-20

### Black Rose Concert Hall

**W**ith a special interest in musical instruments and venues, **Enaira** was the perfect choice to build the new concert hall for the Black Rose<sup>1</sup>. This beautiful room has surely contributed to the continued success of Friday's classical music event. Marrying the practical to the aesthetic is not always an easy task, but this room impressively succeeds. On the stage, the different instruments are rendered with a realism and attention to detail that only a trained musician could accomplish. Even the back stage areas are not neglected and detailed with the same passion as the rest of the build.
